

Spring has arrived – We think we have the only garden on wheels in Engelberg:-)

The amazing winter season ended with the big Swiss Snow Happening, this year in Engelberg, with over 1600 ski instructors from all over Switzerland, Austria and the USA combining ski races, demo teams and great parties!

We were proud to have instructors from Suvretta Ski School in St. Moritz and very nice girls from Portes du Soleil and some long-lost friends, Josianne and Normand, from Québec.

The local Demo Team from Engelberg was second in the competition, **Congratulations!**

Nevertheless we were sad to wave our seasonal student Karim goodbye, as we were very satisfied with all his work! The only thing we advise him, is to practice pool: Kawasn't able to beat Jean in their pool-championship.

Finally the Winter season was also ended graciously with a nice helicopter expedition behind the Titlis joined by cool friends.

After a short break, we are now ready for the summer season 2012
